HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Scorpio

PROFESSIONAL - LIFE-PATH: Penetration

As a person who likes to hold your cards close to your chest you can be entrusted with any job which requires dedication and privacy. You are endowed with X-ray eyes, and this means that you have the capacity to see what lies under the surface in any particular matter. You have a deep and powerful emotional nature, and are interested in, and concerned about, the feelings of other people. However you only let on how you feel when you are completely secure. And you are rarely completely secure. Struggling with anxiety of one sort or another is a major pastime, and professionally you may often feel you are fighting for survival. Jealousies and controversy can surround you, and you expend a great deal of energy trying to control what is going on around you. You have a talent for psychology, dealing with finance, and as a power-broker behind the scenes. You have a capacity for taking difficult decisions in emergencies. You know when to cut off the branch to save the tree.

PERSONAL - LIFE-PATH: Penetration

You are an intense and rather secretive person, who believes in deep emotional involvement. You are powerfully motivated by the need for emotional security and you expend a lot of energy trying to maintain calm in this area. Being unable to control the emotional reactions of others, you have a tendency to be jealous and to engage in emotional brinkmanship. You lack emotional flexibility, see issues as black or white and tend to come with ultimata. Erotic intimacy is extremely important, and the litmus test of a good relationship for you is a satisfying sex-life. You will attract a calm and stable partner, who reassures you by becoming dependant on you. As inertia builds up in a relationship you often provoke intense emotional crises. You need to feel and explore every facet of the emotional spectrum from love to hate. Having enormous reserves of emotional power, you emanate a powerful aura and people are mysteriously strengthened simply by being close to you.

Ascendant Trine Moon

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Unconscious attunement
You have an emotionally compelling nature which profoundly affects the feelings of the people you associate with. You are very concerned with the emotional bonds which hold people together, as well as issues of security. You can therefore work for example with the needs of the public in some way especially as related to homes, family or motherhood. You infuse all your work with an emotional investment. A hard professional environment is bad for you.

PERSONAL - LIFE PATH: Unconscious attunement

You are a moody person and will often find yourself affected by fluctuating emotional states - especially through worrying about family matters or security issues. You have a deep appreciation of the power of the unconscious and instinctual behaviour. In your dealings with people unspoken feelings have far greater priority than rational concerns or argument. You are finely tuned to changes in atmosphere, and adjust accordingly.

Ascendant Conjunction Mercury

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

Ascendant Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this

aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Aesthetic comportment

You have the ability to create a pleasing impression, and generally you comport yourself diplomatically and with all the social graces. As the ability to win the affections and confidence of others is one of your greatest talents, you would do well dealing with people in one form or another in your professional life. Aesthetic issues are also of great importance to you, and this may be reflected in your work.

PERSONAL - LIFE PATH: Aesthetic comportment

You exude an aura of grace and good taste, and this can win you many friends and admirers. Your dress, and taste in personal adornment, creates a very harmonious and pleasing atmosphere. You are easily seduced by beauty, and often led astray by affairs of the heart. Stable relationships can be threatened by your need for romance. Love is the spice of life. You have a weakness for sensory stimulation and luxury.

Ascendant Conjunction Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Ascendant Square Saturn

This aspect is extremely powerful in your horoscope; every

action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school

You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Ascendant Opposition N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: No man is an island

Your life path is closely aligned with a common destiny and associated with a greater purpose for the world. You need to be with people and to relate deeply to feel that you are fulfilling your role in life, though you will often be confronted by the dilemma of whether to follow your own needs, or the needs of others. Relationships may play an important role in your professional life.

PERSONAL - DESTINY: No man is an island

You are strongly keyed in to the world that you are a part of, and in a sense you can feel the major and minor tremors that go on in your environment. As such you feel a strong sense of involvement and personal responsibility, because you are so aware of how the individual impinges on the whole. Sometimes you will have an inflated sense of your importance, but at other times you will gain an understanding of the transience of your existence.

Mars In Leo

PROFESSIONAL - DRIVES: Develop leadership qualities
You have a very strong sense of identity and are motivated by a desire to create a powerful impression. Recognition of your efforts is essential, and you will tend to measure your success by the prestige you achieve in other's eyes. Never being content with a back seat you seek personal challenges so that you can prove yourself. You are creative and function well when you are at the centre of attention - for example teaching children. You like to see yourself reflected in the work you do. There is a lot of pride, and the very idea of failure is unacceptable for you. This can mean that you stubbornly stick to the wrong course of action just to save face, or that you come into conflict because you have difficulty admitting you are wrong. When you overcome these weaknesses you can be an excellent leader as people will automatically look up to you.

PERSONAL - DRIVES: Develop leadership qualities
You are a warm-blooded person with charm and a forceful personality. You have a soft spot for children and considerable creative talent. You like to cultivate a romantic view of yourself, being both gallant and courageous. You are easily manipulated by flattery and appeals to your honour. Men with this position of Mars see themselves as great lovers, and they can launch wooing campaigns in which no expense is spared to sweep women off their feet. Women are attracted to men who have a certain position or prestige, or someone they can look up to in some way. Both sexes are romantic and possess a passionate nature. There is a tendency to get involved in heated love-affairs. There is also a taste for luxury and the good things in life. In long-term relationships, mutual respect is an important ingredient - if this is lost, love dies.

Mars In 9th House

PROFESSIONAL - DRIVE: Intellectual pioneer
Your opinions and convictions are an important part of your professional life. You have a strong desire to increase your knowledge and understanding, but you function better when you are self-taught. Too many intellectual conflicts arise when other people try to foist their opinions on you. You are extremely powerful - perhaps too dominating - in putting forward your point of view. Nevertheless you can have success as a teacher or working in some field which necessitates persuasion or the spreading of information and ideas. You are very dynamic in your outreaching to others and may travel a considerable amount in connection with your work.

PERSONAL - DRIVE: Intellectual pioneer

You are a fearless searcher for truth and understanding, and this search may well bring you to foreign lands. You are an explorer type, constantly striving to increase your horizons and develop your interests. Women with this position of Mars are often attracted to men from a different culture or country, men may discover partnership abroad. You have strong opinions and these probably arose because you had to hold your own against an intellectually dominating brother, father or perhaps teacher in your early days. As a result you tend to be too aggressive when defending your own convictions. Your spiritual development may be profoundly affected by a mentor of some kind, though you have little inclination to subjugate yourself to the principles or convictions of anybody else. You may see your God as wrathful or severe, but you are inspired to rise to meet spiritual challenges in your journey to find truth.

Pluto In Leo

Pluto In 9th House

PROFESSIONAL - TRANSFORMATION: Ideology
You have extremely strong ideological convictions, and you are prepared to fight for them. This intensity and determination can be an asset in a job which requires more than the gentle art of persuasion as regards getting the other people to see your point of view, or if you have to work with getting a difficult message across. Knowing the weaknesses of the human mind you can learn powerful communication techniques and use them in a very convincing manner. You know how to make an offer people can't refuse. You also understand the power of a faith or belief, and you have the psychological capacity to change other people's ideas through the power of your own beliefs.

PERSONAL - TRANSFORMATION: Ideology
The pursuit of truth and understanding can sometimes be seen as a survival issue for you. In your upbringing you may have been the victim of a strong-willed person with tyrannical convictions, perhaps at home, perhaps in school. At any rate you now identify very strongly with your own convictions, and have an irrationally strong reaction when people disagree with you, or try to influence your beliefs. You are intellectual inflexible. Relationships can stand or fall on ideological issues - particularly if you have a Scorpio Ascendant. Yet, if you look back on your own past you will see that you have totally abandoned ideas you totally believed in and fought for - so is it wise to defend your ideas with such intensity now? A transformation of beliefs brings a deep psychological change in you in the late thirties. This may be connected with a journey which brings emotional

catharsis. At this time you may discover a talent for psychological or spiritual matters.

Identity

Sun In Scorpio

PROFESSIONAL - IDENTITY: Develop emotional insight
There is a strong inner intensity to your character which makes a quiet impression on others. You have powerful feelings and beliefs, but you like to keep your inner nature private. Only those very close to you can get a glimpse of your essential nature. You do not like to show any weaknesses because there is an inner anxiety about being vulnerable. You function well in a stable position - economic security and an element of prestige are important to you. You are generally good at wielding power, although you have no objection to holding a low profile. You are loyal and committed to your work, but you will never forget an injustice. You can become passionately engaged in a cause, and nothing will deflect you, once you have made up your mind. You would have a lot of talent as a negotiator because you never give up, and you never show your hand.

PERSONAL - IDENTITY: Develop emotional insight
Being able to trust someone, and being sure that nothing is hidden from your considerable perceptive talents are essential ingredients for a good relationship. And intense emotional relationships are very important to you - you do not like superficiality at all. Turning points in your life come in the form of psychological breakthroughs which shake your emotional foundations. Often this will be connected with the transformation of a deep emotional bond, which awakens your latent anxiety connected with emotional security. By giving up the illusion of being able to control others emotionally, you are confronted with your own vulnerability. Your facade of inscrutability is transformed and a softer and more understanding side of your character is evoked. Your greatest talent is your ability to strengthen others by your emotional and mental support.

Sun In 12th House

PROFESSIONAL - IDENTITY: Dissolution of ego
You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. Whatever kind of success you have, you experience difficulty truly identifying with or believing in your role. It is not easy for you to take ambition and striving seriously because you are rarely inspired by the allure of power, prestige or material goals. You seek a

sense of personal significance and meaning in your life, and personal glory does not give you this. You would experience greatest satisfaction in a role in which you can express your concern for others, or in a job which allows you the peace to commune with your own feelings - perhaps a creative job of some sort. You work best when you are undisturbed or can operate behind the scenes or removed from society in some way.

PERSONAL - IDENTITY: Dissolution of ego
You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. The greater part of your life is spent in a search to find or define your identity. As a child you probably felt a sense of isolation, and in relation to your father you may have felt that he was remote, a dreamy figure who was difficult to get into contact with. Later in life you also personally feel a sense of remoteness and often find that the goals you pursue lead to disappointment or a sense of meaninglessness. This inner dissatisfaction motivates you to go on an inner journey to understand the nature of yourself. You can find meaning when you withdraw from the world for a period of time - too much contact with others for too long can be confusing for you. You would benefit greatly from meditation, because a spiritual practice or creative work enables you to reach the core of your being. When you are there you discover your place in the cosmos, and the cosmos's place in you. For you to truly find yourself, you must lose yourself. You can discover the interdependency of humanity and the universe.

Jupiter transiting Square Sun

03-01-2009 -> 28-01-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Creating your future
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important

time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Emotions

Moon In Pisces

PROFESSIONAL - EMOTIONS: Purify your emotions

With your naturally compassionate being and understanding nature, you can achieve success in creative areas, or through working with people who really need emotional help. You are attuned to sensory states which other people are not aware of, and some of the major turning points in your life arise when you develop an deep awareness of the hidden forces in life, in human relations and in nature. You are not particularly motivated by personal prestige or material temptations, and you may be quite willing to sacrifice your comforts to benefit others. You do have to avoid indulging negative feelings about the odds being stacked against you. This only happens because you have difficulties setting limits for what you are prepared to do for others.

PERSONAL - EMOTIONS: Purify your emotions

In comparison to many other people, you are extremely sensitive to the emotional atmosphere around you. You are

no stranger to sadness, and there was probably a unhappy quality in your family relationships - particularly in regard to your mother. You tend to take on the vibrations of others just as a chameleon changes colour, so it is important to be discriminative as regards who you are with, and what you do. As you mature, you learn to be watchful of your own moods, as they change with the least stimulus. By cultivating an emotionally positive attitude, you can avoid the negative energy states that made you feel helpless in the face of adversity when you were young. In relationships it helps to know that there is no dignity in martyrdom.

Moon In 4th House

PROFESSIONAL - EMOTIONS: Attachment to the home

Security is a major preoccupation for you, and you may wish to work in areas concerned with the home, land and property, or with areas connected with caring for others, or perhaps on environmental issues. You may have a talent for gardening. You function best when there is peace on the home front, but often find yourself distracted by family worries. Parental bonds, or a reluctance to get away from the family can limit your possibilities to advance professionally. However you are appreciated at work because of your concern for others, and ability to create a comfortable atmosphere. You may like to work from home, or have a job not far from your house.

PERSONAL - EMOTIONS: Attachment to the home

You were profoundly influenced by the emotional atmosphere as a child, and you were very sensitive to parental moods, especially your mother's. This has made you into a sensitive and rather vulnerable person, and you will be strongly motivated to create a caring and secure family environment later in your life. It would be wise to view the ups and downs of family life in a more objective way, rather than allowing your own mood to be constantly affected by changes. Your home is a haven for you, and you become very attached to it. When radical changes effect your home however, you will discover that you have a remarkable capacity to adjust. You need to spend a lot of time at home, and may find great pleasure in looking after your children, cooking, making home improvements etc.

Moon Trine Mercury

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Square Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with

people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Moon Sextile N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Mother Earth

You can play an important role channelling the hopes and dreams of on the one hand large numbers of people, and on the other more intimate groups - especially females. You may feel a strong identification with your country - or a pull away from it. Your unusual intuitive power can give you certain talents as regards tuning in to changes that happen on a collective plane - especially in connection with the world of Nature. You are the channel through which group feeling is manifested.

PERSONAL - DESTINY: Mother Earth

Negotiating the twists and turns of your emotional

relationships is a full-time occupation for you. As a woman you will be moved by the primitive archetypal urges of the female energy in Nature; as a man you will be attracted to earth divas because you need to feel the full force of emotional power flowing through you. You will lose your footing more than once because of the universal power of emotional attraction or dependence, and plunge into the emotional maelstrom. Sudden changes can take you far from home, and growth in life finally comes when you learn to orientate yourself in the world of your feelings and your unconscious mind.

Jupiter transiting Conjunction Moon

13-04-2010 -> 26-12-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it

gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Saturn transiting Opposition Moon

01-01-2009 -> 24-09-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Emotional self-sufficiency

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

PERSONAL - EMOTIONS: Emotional self-sufficiency

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship.

The time demands emotional self-improvement, so stop making excuses and start working on yourself.

Uranus transiting Conjunction Moon

20-01-2009 -> 04-03-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you

will be attracted to people who live on the fringe of society.

Mentality

Mercury In Scorpio Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - MERCURY: Analysis

Your perspicacious nature and investigative talents can be an advantage in many professional areas. You are a person who can be entrusted with a secret - your lips are sealed. You are also a person who can discover secrets, therefore there is a talent for research and investigation. Your need to pierce to the roots of an issue gives a predisposition for psychological or occult interests. There may also be a talent for working with computers. Your talent for seeing weaknesses in others can help you be of mental support to them if you share your insights. It is important for you to be more open in your dealings with others - otherwise people get the impression you are plotting something. People need to be reassured that your motives are pure.

PERSONAL - MENTALITY: Analysis

You are a deep-thinking and silent type. Superficiality is anathema to you; when you say something, it normally strikes deep and is delivered with considerable intensity. Experiences early in life may have made you somewhat suspicious, inclining you to look for secret motives in others. This can be unnerving for those close to you. You often feel that communication can be achieved through eye-contact alone, and that the great truths are unspoken. Remember that people also use words to make contact, and that everything doesn't have to be deeply meaningful. Scientific studies show that 55% of all communication is through body language - a fact that you have been instinctively aware of most of your life, having observed the way people react under your gaze.

Mercury In 12th House

PROFESSIONAL - MENTALITY: Mental communion

You have some unusual mental abilities because you are able to harness your intuition and tune in to signals and ideas which other people are not sensitive to. You function best in situations where you can have a low profile mentally and operate behind the scenes with your ideas. You

appreciate having the mental privacy to get on with your business without being disturbed. Being sensitive to mental pollution - the gossip, chattering or superficiality of others - you withdraw into the world of your own imagination. Here you can think up many ideas and projects which can bring professional success - particularly in connection with marketing, advertising or the media. You may also have artistic, creative or musical abilities.

PERSONAL - MENTALITY: Mental communion

The private world of your mind and your thoughts is very important for you. Perhaps as a child you were forced to retreat into your own fairytale world - at least now you can be quite happy with your own company. You are the type who keeps a private diary in which you commune with yourself. In partnership matters it is important that your loved one allows you to withdraw from time to time - but at the same time there will be a lot of misunderstandings - not to mention a growing isolation - if you do not take the trouble to reveal a little of what goes on in your mind. You have a number of spiritual talents - your mental receptivity means that you can derive great benefits from walks alone in nature, and you may even be open to some form of spiritual communication. Poetry, music and art can also be wonderful areas of refuge to you.

Mercury Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - MENTALITY: Affability

You are a very versatile person, combining good judgement with taste and the ability to convey information in a pleasant manner. Success comes when you work with communication in one form or another. You may excel in the arts or in public speaking. You bring a human element into your professional dealings, and advancement will often come through the goodwill of others. Your mild manner and diplomatic nature leaves a good impression on others. You would function well in a position with lots of contact with people, for example dealing with personnel. You are very concerned about justice and make a strong effort to see both sides of any issues. You can secure agreement because you are willing to listen to others, and you are careful not to alienate people with impulsive remarks. Obviously with these talents you will prefer a harmonious professional environment to one in which there was too

much trouble or competition.

PERSONAL - MENTALITY: Affability

You have a gentle and sensitive nature, and strive to maintain harmony in your personal relationships, going a long way to meet the needs or demands of another, before you allow yourself to feel provoked. In love relationships communication is the single most important factor. This may stem from a very close relationship to a brother or sister when you were a child. Even now, you probably cultivate a brotherly or sisterly manner in your relationships, where games and the element of play have an important role. As mental stimulation is so important for you, you can get bored with your partner, and for some people this may mean a tendency to become romantically involved on the side, though there is rarely any malice involved, should this be the case. Erotic desire is hardly a motivating factor for you, but you do have a tendency to flirt, and this can make your life more complicated than you would wish.

Mercury Square Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal

relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

Mercury Opposition N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Mind games

You are possessed of considerable mental talent and more than a touch of genius. It is difficult for you to know where you get your ideas - you are moved by distant memories and seem to be able to tap in to thought processes which have their roots in something universal. What you think, write and say can have a particular significance for your generation, because it touches a chord in them which they instinctively understand. When you work with communication in one form or another, you are close to fulfilling your destiny.

PERSONAL - DESTINY: Mind games

You can have a peculiarly deep mental contact with certain people during the course of your life, and you may feel a particular bond - or perhaps an emptiness - concerned with a brother or sister or some lost connection. You will often find yourself mentally clutching at elusive ideas or memories - searching for words and meaning to describe inner sensations. At times you are gripped by fantastic ideas which seem to have a significance beyond your own identity, though you may be at a loss to communicate your ideas. You might be inspired to keep a diary or commentary on past events in your life, but perhaps your future requires throwing out the mementoes which clutter your past.

Jupiter transiting Square Mercury

29-03-2009 -> 21-12-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Scorpio

PROFESSIONAL - VALUES: Relationship depth

You are a private person, loyal by nature, with considerable perspicacity in personal relations. You are not suited to employment which demands that you relate superficially to

other people, although you certainly know how to maintain an aura of privacy around you if you have to. One or two strong professional bonds to which you are very loyal is more your style. You can deal with many issues, but often some secretiveness is required, especially as regards financial matters. You have a talent for administrating finance. In the first part of your life, you may be strongly attracted to material success and personal prestige, as your personal worth is a central issue for you and a good salary does wonders for self-esteem. This may change later because of a financial crisis, which forces you to re-evaluate what is important to you.

PERSONAL - VALUES: Relationship depth

Emotionally you would prefer to mate for life - love is a serious issue for you, and you are inclined to be faithful, though possessive. There is considerable anxiety in relationships, and often a powerful jealousy, which in reality is testimony to the intensity of your love. Women with this position expect 100% emotional involvement from their mate, and the erotic element of the relationship will be a major factor. Indeed sexual satisfaction may serve as a barometer for the relationship. Men are attracted to the silent type of women, the aura of mystery and the sense of fated attraction. There is a tendency to become enslaved by the passions. It is important to avoid economic and emotional co-dependency. It is difficult for a relationship to survive unfaithfulness - love is all or nothing.

Venus In 12th House

PROFESSIONAL - VALUES: Spiritual devotion

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

PERSONAL - VALUES: Spiritual devotion

You have a deep longing for a meaningful love relationship. It is not the sexual or material benefits that are important so

much as the need to experience a form of spiritual communion or ecstasy. In your pursuit of romantic ideals you have a tendency to imagine qualities in the partner which he or she does not possess. Of course experience will divest you of your illusions, and you may be afflicted by a feeling of disappointment in your partner. If you indulge this feeling too much, your partner will begin to feel unsure or unhappy, and become isolated in relation to you. Women with this influence often have a tendency to become involved in love affairs in which they are the courtesan - wife number 2. Obviously such a relationship allows one to indulge the illusion that if the man left wife number one, then everything would be rosy. This of course never happens, or if it does, how can one then maintain the precious romantic illusions? Men too have the longing for the ideal love - but only through spiritual devotion can these deep longings be satisfied.

Venus Square Mars

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the

dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

Venus Square Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure

considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

Venus Square Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

Jupiter transiting Square Venus

04-03-2009 -> 17-11-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more

important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Mars Conjunction Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear

of past difficulties.

PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

Mars Sextile Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DRIVE: Refine your desires

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses.

There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is

connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

PERSONAL - DRIVE: Refine your desires

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites.

Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

Mars Conjunction Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people

would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the

man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

Jupiter transiting Opposition Mars

22-02-2009 -> 21-03-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become

increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Wisdom

Jupiter In Sagittarius

PROFESSIONAL - WISDOM: Promote your visions

Professionally you will experience satisfaction in a position which affords dynamic growth and an international network of contacts. Your powers of judgement and almost visionary ability to see ahead are valuable assets. Travel and the chance to visit exotic countries would be an important perk for you. Getting your ideas across can be more important for you than material goals. You want influence, and you need to feel that you are constantly growing. Job stability is not half as important to you as personal development. You have the gift of putting things into perspective and identifying the overall direction a process is developing towards.

PERSONAL - WISDOM: Promote your visions

On the world stage at the time of your birth, there was a dramatic expansion both as regards mental visions, and in terms of exploration of horizons. You personally will also feel a burning desire to expand your boundaries. This will manifest as both an interest in foreign connections and as intellectual curiosity. If you can learn to trust your hunches, you may discover a prophetic vision which can be used in many areas of your life. You have a burning desire to acquire knowledge, and through knowledge get understanding. You need very little stimulation to make your opinions known, and you may have to guard against a tendency to pontificate. Though harmless, your know-it-all attitude can make other people feel inadequate.

Jupiter In 1st House

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with

considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Square Jupiter

07-01-2010 -> 02-02-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of

your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 4th House

26-01-2010 -> 19-02-2010

PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

PERSONAL - WISDOM: Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

Challenges

Saturn In Leo

PROFESSIONAL - SELF-RELIANCE: Establishing self-esteem

Saturn was in the sign of Leo in the years 1946-48 and 1976-78, and this was reflected in leadership challenges in society, and new systems of child-rearing as well as in a period of emphasis on creativity and entertainment. Inasmuch as you channel this influence in your career, you will feel a strong need to manifest your identity, yet have great doubts as to your ability to live up to a leadership or creative role. You may find that you are subordinated to rather autocratic authority figures, and will feel a strong need to overcome a lack of self-confidence to assume more personal power yourself. You have to lay your identity on the line, take a gamble and risk being creative, overcoming fears of being subjected to the scrutiny and judgement of others. To become prominent, you need to manifest yourself and take centre stage.

PERSONAL - SELF-RELIANCE: Establishing self-esteem

A major area of challenge in your life is concerned with building up a strong sense of identity and overcoming a lack of confidence. You were born at a time of autocratic trends in child-rearing which may have stifled a sense of play and spontaneity, and this means that you tend to take yourself too seriously today. You are oversensitive as regards the impact you make on others, are over-concerned with standing on your dignity, and tend to be hung up on status symbols and gestures of respect or recognition. It is important for you to overcome creative blockages, and you can learn a lot from having children. A little self-irony will go a long way to making you more popular with other people, and it is also important for you to cut loose a little and risk being immature. As you mature you gain greater self-acceptance.

Saturn In 9th House

PROFESSIONAL - SELF-RELIANCE: Intellectual training

During the course of your life you overcome a feeling of inadequacy as regards your intelligence and judgement, and through concentration and training - and perhaps a commitment to higher education - you can become a kind of intellectual authority in one field or another. Your ability to draw wise conclusions from experience, and your careful analysis of the truth, may give you a talent in an area which requires sober analysis and judgement. You have the capacity for serious study, and you are able to show other people a path of understanding through a philosophical system or set of rules. You are very conscious of your place

in the intellectual hierarchy and a little too inflexible in your opinions or understanding of what truth is.

PERSONAL - SELF-RELIANCE: Intellectual training

Gaining intelligence and understanding has a high priority for you. As a young person you were probably exposed to parents or teachers who had strong and rather inflexible opinions and you may have had difficulty because of some kind of orthodox dogmatism. Hindrances may have arisen as regards the pursuance of a further education. Ultimately a lack of intellectual confidence drives you to improve your mind, so that you become able to define your own beliefs about the meaning of your existence. You are attracted to some kind of spiritual system or hierarchy, and have a tendency to believe in a strict set of moral rules connected with spiritual growth. You have the capacity to study long and hard - you do not expect the way to understanding to be easy. Special challenges may be connected with abroad, or a spiritual teacher who demands personal discipline. It pays for you to be more receptive to the opinions of others, and less defensive about your own convictions.

Saturn Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give

you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

Jupiter transiting Opposition Saturn

28-03-2009 -> 21-12-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Gemini Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Uranus In 8th House

PROFESSIONAL - ORIGINALITY: Deep shock

You are not the type to allow yourself to be restricted in your professional life by considerations such as pensions, job security or other kinds of material guarantees. You may prefer the freedom of periodic unemployment than the treadmill of a nine-to-five job. You have learned to survive unpredictable developments in your professional life, and this gives you a taste for the excitement of the unknown. This can manifest itself in a career in which risk and unpredictability is a major factor. You may have a number of special talents or interest in untraditional areas concerned with psychology, the occult or New Age interests - for example telepathy or conscious use of the power of the mind.

PERSONAL - ORIGINALITY: Deep shock

You have an experimental attitude to intimate relationships, tending to be rather dispassionate and objective in the way you relate. Uncomfortable with displays of deep emotion, you cultivate the values of non-attachment. Sexually you are interested in extending and exploring new boundaries in an attempt to attain emotional release and fulfilment. You have a passion for discovery and consciousness expansion and you will no doubt discover at some point that your emotional life has been coloured by some deep shock in the past. Radical discoveries of this nature will transform the way you relate and allow you to come into a deep contact with traumatised emotions.

Jupiter transiting Square Uranus

27-04-2010 -> 16-01-2011

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in

your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Saturn transiting Square Uranus

02-09-2009 -> 06-07-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Uranus transiting Square Uranus

19-03-2009 -> 20-02-2011

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: Self-renewal

Everybody experiences this influence at similar ages, each time Uranus aspects itself during its 84 year orbit around the Sun. The ages of 21, 42 and 63 are the most significant times of change and reorientation. At these times you are challenged to make some form of renewal in your career. Unpredictable events upset plans and force you to keep up with the rapid pace of change going on in the modern world. It is favourable to broaden your horizons through travel and self-development course, and unfavourable to plod on in the same old direction. Self-realisation should take priority over status and ambitions now.

PERSONAL - ORIGINALITY: Self-renewal

Uranus makes major stressful aspects to its birth position every 21 years, and major positive aspects every 16 years. These should be times of exciting change and experimentation. Don't let yourself be restricted by the establishment - particularly in the form of parents and partners - during these periods. It is your job to challenge the status quo and preach the doctrine of renewal and change. Travel and change of environment can serve to bring you in contact with the electric energy of life. Be inspired and take a few risks.

Transcendence

Neptune In Libra

Neptune In 11th House

PROFESSIONAL - TRANSCENDENCE: Utopia

It is rare for you to find pleasure or security through the social connections related to your professional life. You may feel a sense of social isolation on the one hand, but on the other you find it hard to share the values of your business associates and prefer your own company. You would function best in a job where your social idealism could be expressed. You need the company of caring and creative people, artists and musicians in your working environment to be truly fulfilled. Though you are something of a social visionary and extremely sensitive to the plight of those less fortunate than yourself, you may be rather unrealistic as regards solutions. An attitude of tolerance towards human

weakness is to be recommended - you only have to think of your own.

PERSONAL - TRANSCENDENCE: Utopia

You are on a never-ending journey in search of Utopia. If you found it, you would be disappointed. You have such high ideals concerning friendships that disappointment is inevitable. It is important to be realistic in your social expectations - particularly because you prefer the company of artistic or musical types. These people - though they may be inspiring on a creative or spiritual level - are hardly the types to spend a lot of time cultivating the warmth and security of friendships. The people you value socially bring something quite unique into your life. This is a intangible quality of transcendence - a few magic moments in which you are taken out of yourself and experience a universal bond that weaves all people together as one. To cultivate this kind of enriching experience you may benefit from meditative, musical or creative work in groups.

Neptune Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience

great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Saturn transiting Conjunction Neptune

07-10-2010 -> 24-08-2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

PERSONAL - TRANSCENDENCE: Making dreams concrete

This is a time when you will probably feel rather alone and isolated. Money may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

Jupiter transiting Opposition Pluto

26-02-2009 -> 02-11-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Taurus, S.Node In Scorpio

PROFESSIONAL - DESTINY: Into a safe harbour

Strong survival instincts are a major motivational force in your career. Unconscious and seemingly irrational fears that you will lose whatever you have built up because of some supposed future upheaval can make you reluctant to embark on any long-term project. The basic foundation of your life is rocky, and makes success difficult. It is therefore important for you to embark on a thorough reorganisation of your values in life, and set out to create a solid economic foundation. Some emotional trauma may lie at the root of your deep-felt need for security, and by learning more about your psychological make-up you can pave the way for

economic success. Achieving your economic goals and attaining security can give you a deeply-felt calm.

PERSONAL - DESTINY: Into a safe harbour

The first part of your life is governed by deep-seated passions which often bring you into emotional turmoil. You may have great difficulties controlling irrational feelings of jealousy, which are based on deep anxieties about self-worth. Sexual drives exert a strong hold on you, yet satisfaction is elusive. The more you indulge your desires, the emptier you feel. You cast about amongst the left-overs of others searching for a set of personal values that you can embrace. Your greatest longing is for a safe haven of security, where you can experience emotional and economic security, and in time this will come. In your search for peace you constantly build up and then abandon life-structures designed to quench the flames of your needs. Peace come from a surprising quarter, when you embrace values which conserve instead of destroy. Perhaps it is a question of tuning in to the richness of your senses, so that you can fully appreciate what you have, rather than mourning what you have lost.

N.Node In 7th House, S.Node In 1st House

PROFESSIONAL - DESTINY: Discovering others

Major turning points arise concerning your relationship to others in the middle part of your life. Early in your life most of your instincts are concerned with maintaining personal freedom and independence. Professionally you will be split in your attitude as to whether you should cooperate with others, or make it on your own. In your mid-thirties you will probably accept the necessity to build up a variety of contacts and important professional relationships, and this will bring success. It is essential to shift the emphasis from individual fulfilment to greater consciousness of fulfilling the needs of others.

PERSONAL - DESTINY: Discovering others

Self-sufficiency is not a problem for you, but you have a lot to learn in intimate relationships concerning the value of compromise and seeing things from another's point of view. You find as you get older that you derive less and less satisfaction from fulfilling purely personal interests, and this leads to a radical shift of personal values. The greatest personal development arises in your intimate relationships, as you strive to replace egocentric interests with the spirit of partnership. There can be a major turning point here around the age of 37. The greater the depth in your personal relationships, the deeper the level of satisfaction you feel.

Jupiter transiting Square N.Node

14-04-2009 -> 05-01-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

Neptune transiting Square N.Node

01-01-2009 -> 20-01-2011

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Tuning in to Nature

This influence is rather subtle in effect. It may bring you into contact with groups of people who on the one hand are interested in the forces of the media, marketing and advertising, and on the other spiritual growth in one form or another. If you do get involved in a new kind of group at this time, take care that your expectations do not exceed the capacities of the group. It would be an advantage to adjust professional interests so that you can reach a wider spectrum of people by appealing to their hopes and dreams, and their need to acquire more meaning and understanding in life. You can sell a dream to the masses. This is also an excellent time for working on your ideals for society and the environment, especially concerning pollution.

PERSONAL - DESTINY: Tuning in to Nature

This rather subtle influence can enable you to question the path you are taking in life and to make adjustments - particularly as regards life-goals and spiritual interests. Meetings with unusual people can both inspire you and confuse you. You may receive group guidance now, but contact with questionable people can also lead you astray. By integrating your hopes and ideals into the vision of your destiny, you can attune yourself to the highest potentials for soul growth. You must use your powers of discrimination to discern the correct path now, as you easily lose your way because of misleading and time-wasting signposts.
